

General Information

Date _____ Company name _____
Your name: _____
Oil well location: _____
Well name/number _____

Oil well information

Formation/Geological zone: _____
Completion date: _____ Formation temperature: _____
Oil layer thickness: _____ Static fluid level in well: _____
No. of oil pay-zones: _____ Porosity: _____ Permeability: _____
Perforations/
open interval: _____ Tubing size: _____ Condition: _____
Casing depth: _____ Casing size: _____ Condition: _____
Initial production: _____ Oil: _____ Water: _____ Others: _____
Present production: _____ Oil: _____ Water: _____ Others: _____
Formation pressure: _____ Total wax cont: _____ Others: _____
Water injection well connection ready nearby? Yes _____ No _____ None _____
Distance from others closest oil wells _____ Meters _____ Miles _____

Oil information

Specific gravity of oil: _____ API: _____ Pour point temperature: _____

List known well problems

Well History

Blank area for well history notes.

List rework/repairs history of this well(or fields of wells)

Blank area for rework/repairs history.

Was the work considered a success or a failure?

Blank area for success/failure response.

What are the major reasons do you think this well (or field of wells) are not performing lately?

Blank area for reasons for poor performance.
